Catherine Donnelly Foundation Awards \$358,338 in Project Funding to 13 Charitable Organizations

(TORONTO, ON) The Catherine Donnelly Foundation is pleased to announce its most recent one-year project funding recipients for the 2018 fall grant cycle. These grants were awarded in the areas of Adult Education, Environment and Housing. The grantees represent a diverse range of charitable organizations from across Canada and were thoroughly vetted and approved by Catherine Donnelly Foundation board members and expert advisors during its November 2018 board meeting. The Foundation continues to live its mission of supporting groups that seek to bring radical social change and empower marginalized communities in Canada. This funding will ensure organizations are able to take on issues that are at the forefront of policy discussions, strengthen ways to bring about solutions and build community support in all the Foundation's strategic program areas.

CDF also wishes to thank all applicant organizations for their interest and submission efforts. For those wishing to apply during the new grant cycle, the next deadline for submitting a Letter of Inquiry is February 4, 2019. Please check CDF's website for further details on granting priorities and application process.
